

Notice:

Dear LocalTel TV Subscribers,

We are committed to continually improving your TV viewing experience and giving you the very best entertainment possible. In the past year alone, we have added new networks to our lineup and upgraded several more to crystal clear High Definition. We also offer amazing TV features like Restart, Catch Up, Unlimited Cloud DVR, SureStream Mobility, WatchTVEverywhere, and much more that allow you to be in total control of your home entertainment experience. We see the benefits associated with these features and improvements as worthwhile investments that ensure you have the award-winning quality of service you've come to expect from LocalTel Communications.

As we make these investments, the networks have again increased their broadcast rates this year by more than 10%. While we strive not to pass these on to our customers, unfortunately our regional sports and local networks (Root Sports, ABC, NBC, CBS, and FOX) have increased even higher, some as much as 55%. So, while we are forced to adjust our prices, we will continue to share that burden by absorbing some of these increases because LocalTel remains committed to delivering the very best programming at a reasonable rate.

Beginning February 1st, the following rates will take effect.

- **Basic Cable Service – \$54.95 (increase of \$5.00 or 10%)**
- **Expanded Cable Service – \$109.95 (increase of \$10.00 or 10%)**
- **SureStreamTV LITE – \$37.95 (increase of \$3.00 or 9%)**

No other tiers will have a rate increase in 2022.

In the coming year, you can expect to see more channels being upgraded to HD while we continue to add new and exciting networks to our lineup. LocalTel will also have exclusive access to the newest NHL franchise, the Seattle Kraken. Again, we will continue to push back against the network's unreasonable rate increases and if you would like to help us in the fight, please consider reaching out to your local congressperson.
